

## Flying Eye Radio Network Now Accepting Sponsors

*"For Every Moment Of Triumph, For Every Instance Of Beauty, Many Souls Must Be Trampled."*  
Hunter S. Thompson, American Philosopher

### For Immediate Release

**Eugene, Oregon, July 26, 2017** - For the first time in its 10+ year existence the Flying Eye Radio Network (FERN) is accepting sponsors for Music Gumbo. With 6 hours of LIVE programming each week and unlimited downloads, it is an opportunity for any business that seeks to have a global reach to realize that opportunity. With rates that are incredibly reasonable, anyone can sponsor an hour of programming.

Businesses can reach listeners in over 80 countries and 49 of the 52 United States. Flying Eye is currently enjoying record podcast downloads each month, and live listeners are rapidly increasing each week. The lines of music are not blurred they are erased. There is no list, and there is no one telling anyone what to play or what not to play. It is The Antidote to Commercial Radio.

The week begins on Monday at 10am Pacific time with a milder batch of Music Gumbo, just what is needed to ease into the work week. Friday at 10am Pacific Time Music Gumbo offers up a veritable potpourri of musical comestibles that is an all encompassing musical feast. Each batch served up by the musical consigliere of the Flying Eye Radio Network, founder and Grand Poohbah, Andy Goldfinger. The FlyLow show hosted by Dusty Street, semi live from the Rock n Roll Hall of Fame's Alan Freed Studio in Cleveland is currently on hiatus.

During the last 9+ years a myriad of people have stopped by for a little Gumbo including Graham Nash, Mike Campbell, Moonalice, Bobby Cochran, Mike Finnigan (Bonnie Raitt, Crosby, Stills & Nash), Albert Lee, Steve Lukather, Freddie "Boom Boom" Cannon, ex-Yankee Bernie Williams, Liberty DeVito (Billy Joel), Joe Bonamassa, Paul Barrere, Bill Payne & Kenny Gradney of Little Feat (separate & together), David Lindley, Ozomatli, Ian Hunter, Carl Verheyen (Supertramp), and Jimmy Vivino (Conan) to name a few.

The tradition of providing insight from the musicians' musician on the Flying Eye Radio Network will last as long as the internet is net neutral.
